

## HealthPartners Worksite Health Workers' Compensation Plan Summary

Plan Overview			
<b>Effective Date</b>	January 1, 2016	<b>Product</b>	Workers' Compensation Managed Care Plan
<b>Services</b>	Chiropractic: Network Lease	<b>Service Area</b>	Minnesota and portions of Wisconsin, North Dakota, South Dakota, and Nebraska
Plan Administration			
<b>Eligibility &amp; Benefits</b>	<p>Patients eligible for workers' compensation benefits through the HealthPartners Workers' Compensation Managed Care Plan can be identified by the provider's receipt of an outreach call or letter from HealthPartners regarding the status of authorization. The patient may also present a HealthPartners Workers' Compensation Employee Guide document at the time of service. If a patient presents with a case you believe to be eligible for workers' compensation benefits, but does not provide workers' compensation coverage information, please ask your patient about their workers' compensation coverage. <b>Patients who are eligible for the HealthPartners Workers' Compensation Managed Care Plan can not be identified with their standard medical ID card.</b> Questions regarding patient eligibility can be directed to the HealthPartners Case Management line at (952) 883-5396 or (888) 779-3625.</p>		
<b>Authorizations</b>	<p><b>ChiroCare will <u>not</u> coordinate clinical reviews for this program.</b> Authorization requirements will be established, and coordinated by the HealthPartners Workers' Compensation Case Management team. Authorization may be obtained by a patient prior to their initial visit. If your HealthPartners workers' compensation patient seeks care without coordination from the HealthPartners Workers' Compensation team, e.g. phone call or fax to your office, please call the HealthPartners Case Management line at (952) 883-5396 or (888) 779-3625 to obtain authorization. <b>Care rendered without HealthPartners' authorization may be denied by the payor.</b></p>		
<b>Claims</b>	<p><b>ChiroCare will <u>not</u> process claims associated with this program.</b> Claims—and any claim questions—are to be directed to the Payor listed in the "HealthPartners Workers' Compensation Managed Care Plan Employee Guide." If the patient does not provide you with a copy of that document, you may call the HealthPartners Case Management line at (952) 883-5396 or (888) 779-3625 to obtain payor information.</p>		
Fee Schedule			
<p>Provider reimbursement is 100 percent of the fee schedule amounts established by the MN Department of Labor and Industry or applicable agency if the provider is located outside of Minnesota. Fee schedule amounts are determined by the application of a Relative Value Unit (RVU), Geographic Practice Cost Indices (GPCI) and Conversion Factor (CF), all of which are defined and established by the state (see below). Adjustments to Minnesota's rates occur on October 1<sup>st</sup> of each year.</p> <p>For additional information regarding Workers' Compensation Medical Services Fees, visit <a href="http://www.revisor.mn.gov/rules/?topic=237336">www.revisor.mn.gov/rules/?topic=237336</a>.</p>
